

## Channel 3 Kids Camp COVID-19 Protocol Statement

Our first priority is always the safety of our program participants, guests, and staff; our COVID-19 polices are aligned to best practices as indicated by federal, state and local health standards and guidance.

In preparation for the 2021 summer camp season, continuing to mitigate risk of the spread of COVID-19 and providing a safe and positive summer camp experience remains our top priority. Channel 3 Kids Camp is well-placed to offer a safe camp experience as we have always relied heavily on outdoor activity for our camp programs. We make extensive use of our covered outdoor spaces, such as the Hartford Homebuilders Pavilion, for outdoor dining and activity. We are accustomed to frequent cleaning routines due to our typical interaction with children of all ages. Our ability to spread out around camp allows for small group interactions. The following are the highlights of our summer camp 2021 plan to ensure a healthy and safe camp environment for campers, their families and our staff.

- Channel 3 Kids Camp will provide all staff training on the best practices put forth by local, state and federal health agencies.
- Employees and campers will be required to wear masks when indoors and required outdoors when 6' distance cannot be maintained.
- Camp groups will stay static throughout the week with the same children & staff making up their cohort.
- Handwashing by children upon entry to the facility, before and after eating, during restroom breaks and frequently throughout the day.
- Channel 3 Kids Camp will employ additional housekeeping staff and will follow CDC guidelines on cleaning and disinfecting of various types of surfaces that campers may come into contact with. We will enhance our standard restroom cleaning and disinfection with additional cleanings scheduled throughout the day.
- Increasing disinfection of equipment and program spaces. Staff will disinfect all commonly used surfaces and equipment after each group use throughout the day.

We are committed to providing a safe and nurturing environment that promotes growth, engagement and emotional well-being. Channel 3 Kids camp exceeds licensing and accreditation standards on supervision ratios. We will use this robust staffing to ensure that all protocols are understood and met. As recommendations and guidance evolve, Channel 3 Kids Camp will evolve with it.
